

WORDLESS *Panoramic* BIBLE

*The Illustrated Bible from Creation
to the Great Commission*

Over 70% of those in the developing world are functionally illiterate. As a result, millions have no access to God's Word simply because they cannot read. In response to this challenge, Bibles-4-Children and SOW International has produced an original project called the **Wordless Panoramic Bible**.

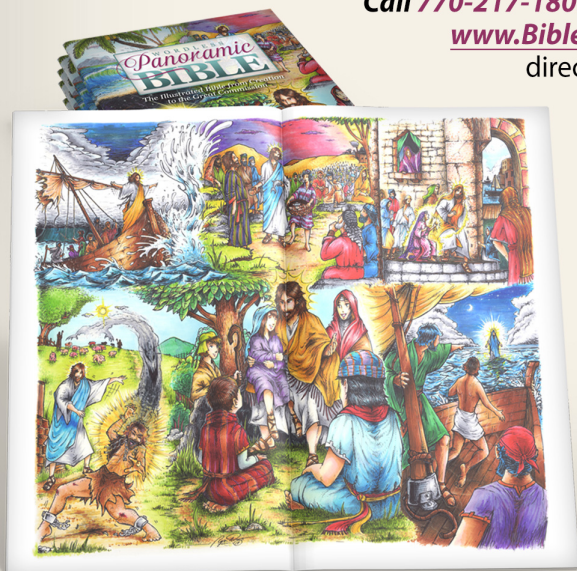

This beautifully illustrated pictorial Bible uses illustrations (*panoramas*) to serve as mnemonics, or memory aids, for stories throughout the Bible. **Our first volume includes 12 panoramas and covers 35 Bible stories beginning with Creation and ending with the Great Commission.**

Traditionally, illiterate communities and oral-based cultures pass information from person to person through stories. The **Wordless Panoramic Bible** is an effective evangelism and discipleship tool specifically developed for these cultures. The Bible stories are individually taught and distributed to both adults and children within unreached and unchurched regions.

With all 12 panoramas complete, we are now ready to print, train and equip, and distribute this vital resource for short-term mission teams, mission agencies, and national missionaries. **Over the next 2 years our costs will be an estimated \$35,000 to produce the necessary elements for distribution and training.**

Join us in providing the Word of God to those who cannot read!
